OBJECTIVE

Information Science and Engineering student with a strong foundation in Java, Object-Oriented Programming, Database Management Systems, SQL, and Data Structures & Algorithms. Seeking opportunities to apply my technical skills, solve real-world problems, and contribute to the development of reliable and scalable software solutions.

EDUCATION

Bachelor of Engineering (B.E.) in Information Science and Engineering

2023 – 2027

New Horizon College of Engineering

Bengaluru, Karnataka

CGPA : 8.32

SKILLS

Programming Languages : Java , Python , SQL

Web Technologies : HTML, CSS, JavaScript, React.js

Core Computer Science : Data Structures & Algorithms, Object-Oriented Programming (OOP), Database Management Systems (DBMS), Operating Systems (OS), Computer Networks (CN)

Databases : MongoDB, MySQL

Developer Tools : Git, GitHub

PROJECTS

BeFit – AI-Powered Fitness & Wellbeing Platform

Tech Stack: React.js, JavaScript, Firebase, Google Fit API, HTML, CSS

- Developed an AI-powered fitness and wellbeing application that delivers personalized workout, diet, and health recommendations while tracking real-time fitness data through Google Fit integration.
- Built a secure and responsive full-stack solution with Firebase services, BMI analysis, and an AI chatbot to provide personalized health insights and enhance user engagement.

BetterHood – Crowdsourced Civic Issue Reporting System

Tech Stack: Node.js, Express.js, MongoDB, JavaScript, HTML, CSS

- Developed a full-stack civic issue reporting platform that enables citizens to report location-based complaints with image uploads and track their resolution status in real time.
- Built scalable RESTful backend services with automated complaint routing and an administrative dashboard to streamline issue management for concerned authorities.

CERTIFICATIONS

- **Operating System Fundamentals** – NPTEL, IIT Kharagpur
- **Data Analytics with Python** – NPTEL, IIT Roorkee
- **Enterprise Data Science in Practice** – IBM SkillBuild
- **Git & GitHub Training** – EduPyramids, IIT Bombay

ACHIEVEMENTS

- Solved **150+ coding problems** on the Codetantra platform, demonstrating strong problem-solving, logical reasoning, and programming skills.
- Solved **400+ aptitude and verbal reasoning questions** on the Codetantra platform, strengthening analytical thinking and quantitative aptitude.
- Awarded the **Elite** certification in **Data Analytics with Python** by **NPTEL (IIT Roorkee)** for outstanding performance in the national certification examination.
